Moves

Roadkill:

Splash - Climb to the top turnbuckle and come crashing down on a prone opponent with all of your weight.
Running Powerbomb – While facing your opponent, reach over his back and grab him around the waist.
Hoist him up into the air. While you are still facing one another, take a running start and drive him shoulders first into the mat.

Angel:

Fallen Angel - Lift your opponent onto your shoulders, take half a turn, and send him crashing down to the mat on his back, wrenching his neck on the way down.
Enziguri – Throw a kick at your opponent's midsection. As he grabs your leg to block, strike with a
lightning quick kick to the back of his head using your other leg.

Arms Master:

Ace Crusher – When facing an opponent, stun him with a kick to the gut. Grab him around the back of his neck. Turn your body so that you are both facing the same direction, and drop to your butt, sending a severe jolt down his neck.
Tackle With Punches – Take a running start towards an opponent, take him down with a flying tackle and unload on his head with a flurry of punches.

Axl Rotten:

Severe Skull Trauma – Get behind your opponent and tuck his head under your arm so he's staring up at the lights (something he's probably used to by now), as though you were preparing to administer an Inverted DDT. Now lift your opponent into the air, and send him skull first into the mat with your entire body weight on top of his head.
T-Bone Suplex – Similar to a regular Suplex, but instead of dropping your opponent on his back, he lands on his side for an entirely different type of agony.

Balls Mahoney:

Nutcracker Suite – Lift your opponent over your shoulder, take a quick spin to get your momentum going and drive his head into the mat with this variation on the classic Piledriver. Follow this devastating move by immediately going for the pin.
Superkick – A vicious martial arts-style kick to the side of an opponent's head.

Beulah McGillicutty:

Hurricanrana – While facing your opponent, jump up and wrap your legs around the back of his head,
then flip backwards, driving your opponent's head and neck into the unforgiving ring.
Dreamer DDT - While facing your opponent, grab him by the head and tuck it under your arm. Now smash his face into the floor.

Big Sal E. Graziano:

Bada Bing – After whipping your opponent into the turnbuckle, drag him away ever so slightly, so that
he's laying on his back, near the corner. Climb the ropes, and while still facing the crowd, put the hurt on by crashing down on his chest in a sitting position.

Bear Hug Slam – While facing your opponent, grab him around the waist and lift him off the ground as seen with a normal Bear Hug submission hold. Then slam him to the mat behind the force of your combined momentum. Pancakes, anyone?

Bill Alfonso:

One Handed Chokeslam – Grab your opponent by the neck, lift him high into the air, and slam him all the way back down to the mat, right on his back.
Superkick – A vicious martial arts-style kick to the side of an opponent's head.

Bruno Santoro:

Gorilla Press Slam – Press your opponent over your head, high into the air, then slam him to the mat.
Turnaround Moonsault – With your opponent laid out on the mat, climb to the top turnbuckle, facing the ring. Do a quick 180 degree jump while still standing on the top and complete a backflip into the ring, landing on top of your opponent.

C.W. Anderson:

Spinebuster – Grab your opponent by the back of his thighs, lift him into the air and slam him to the
canvas on his back in this Anderson classic.
Big Left Punch – Grab your challenger's head, rear back, and knock him into next week.

Charlie Bruzzese:

Pumphandle Slam – When behind an opponent, grab his arm, bring it back in between his legs, lift him up
into the Body Slam position, and throw him down to the mat on his back.
Twitching Kneedrop – While your opponent is laid out on his back, feel the funk as you shuffle your way
to the side of his body, then drop a knee right in his kisser.

Chris Chetti:

Turnaround Moonsault – With your opponent laid out on the mat, climb to the top turnbuckle, facing the ring. Do a quick 180 degree jump while still standing on the top rope (so that you are now facing the crowd), and complete a backflip into the ring and on top of your unwitting opponent.
Amityville Horror – Lift your opponent onto your shoulders, look pretty doing a spin (hey, showmanship
counts), piledrive his head into the canvas, and hook one leg for a flashy pin attempt.

Cyrus:

Groin Claw – When your opponent is down on his back, spread his legs and clamp down on his groin with both hands.
Northern Lights Suplex – While facing an opponent, grab him around the waist and suplex him over your shoulder, right onto his back.

Danny Doring:

Wham Bam Thank You Ma'am – When facing an opponent, bend him forward and hook his arms behind his back. Follow up by driving him face first into the floor, off to the side of your body.
Bareback – Begin nose-to-nose with your opponent. Reach your arm across the front of his body tucking your arm in under his chin, then carry him into the air with a big jump. Drive his chin into your shoulder when you hit the floor.

Dawn Marie Bytch:

Bytch Slap – Wind up and give your opponent that big, backhanded slap that he's deserved all match!
Throat Toss – Similar to a Chokeslam, grab an opponent by the neck, but throw him across the ring instead of slamming him to the canvas.

Francine:

Bronco Buster – When an opponent is down in the corner, get a running start, jump and land on his chest, and lunge up and down, knocking the wind (and the crap) out of him.
Dreamer DDT – While facing your opponent, grab him by the head and tuck it under your arm. Leave him
in this position to think about what he's done wrong, while you salute the crowd. Now smash his face into the floor. Hard.

Harry Slash:

Powerbomb – When facing an opponent, reach over his back, grab him around the waist, lift him into the
air, and while still facing you, slam him, shoulders first, into the canvas.
Hurricanrana – While facing your opponent, jump up and wrap your legs around the back of his head,
then flip backwards, driving your opponent's head and neck into the unforgiving ring.

Jack Victory:

Piledriver – When facing an opponent, bend him forward and put his head between your legs. Grab him
around the back of his waist and lift him into the air so that he is perpendicular to the ground. Then drive his head and neck into the canvas by dropping into a sitting position.
Front Suplex – When facing an opponent, lift him vertically into the air, similar to a regular Suplex. But
instead of continuing the move over and dropping him on his back, stop halfway up and bring your surprised opponent back to the canvas face-first.

Jason:

Nightdriver – When facing your opponent, grab him as if you were about to suplex him. Just as his body is in the air, perpendicular to the mat, bring him back down the way he came and plant him face first as you go into a sitting position.
Enziguri – Throw a kick at your opponent's midsection. As he grabs your leg to block, strike with a
lightning quick kick to the back of his head using your other leg.

Jazz:

Jazz Stinger – While facing an opponent, deliver a hard kick to the midsection. When he doubles over, grab him by the head, jump into the air, plant him face first into the ground and go for the 1-2-3.
Flying Swinging DDT – When your opponent is stunned in the corner, tuck his head under your arm, climb quickly to the top turnbuckle while still holding his head, and take a spinning jump off the top, drilling your opponent's head into the mat.

Jerry Lynn:

Cradle Driver – Face your opponent, kick him in the solar-plexus, put one arm in between his legs, and hoist him vertically. While in a "cradle" position, finish the move (and your opponent) by piledriving his head into the floor.
Running Powerbomb – While facing your opponent, reach over his back and grab him around the waist.
Lift him up into the air. While you are still facing one another, take a running start and drive him shoulders-first into the mat.

Joel Gertner:

450 Splash – With a stunned opponent laying on the ground, ascend the turnbuckle, jump high into the air, and flip end-over-end before landing on your opponent for a greater impact.
Bear Hug – While facing an opponent, grab him around the waist, lift him off the ground, and squeeze the
life out of him.

Joey Styles:

Novacaine – While facing your opponent, put your arm over his shoulder and fall backwards, sweeping
your opponent forward and planting his face in the floor.
Dragon Suplex – Tie your opponent up from behind, put him in a Full Nelson, and suplex him back, up,
and over your head onto the back of his neck.

Judge Jeff Jones:

Double Arm Facebuster – When facing an opponent, place his head between your knees (as if you were
setting up for a Powerbomb or a Piledrive), then lock both of his arms behind his back and drive him face first into the canvas, driving the move with your weight.
Knee To Face – Grab an opponent by the back of his head and "fall forward," driving his face right into your knee.

Justin Credible:

That's Incredible – When facing an opponent, grab him around the waist, lift and hold him so that he is in a vertical position, jump into the air, and piledrive him, landing on your knees.
Spinning DDT – Grab your opponent as though you were about to deliver a normal DDT, but take your
opponent for a spin in the air by his neck before crushing his face into the mat.

Lance Storm:

Top Rope Spin Kick – Take to the top rope against a standing opponent, pose for the crowd (because you
can), then take a spinning leap off of the turnbuckle, catching your unwary foe in the back of the head with the heel of your boot.
Baseball Slide – Help out an opponent that is stunned in the corner by flipping him upside down and hooking his feet in the ropes. Back up, take a running start, and drive both feet into his unprotected face.

Little Guido:

Sicilian Crab – Stand at the feet of a prone opponent, grab both legs, flip him on to his stomach, and pull back on his legs and lower back with a vengeance.

Sicilian Drop – Kick your opponent in the midsection, turn and plant your backside on the back of his head when he bends forward, and sit down, smashing his gonzo into the ground.

Little Spike Dudley:

Acid Drop – When your opponent is stunned in the corner, grab him around the back of the neck, take a
running start towards the turnbuckle, climb up and spin, driving your opponent's face into the mat. Go in for the pin.
Swinging Bulldog – While your opponent is stunned in the corner, get your leg behind his head and
introduce his face to the floor with this extra vicious bulldog.

Louie Spicolli:

Death Valley Driver – Lift your opponent onto your shoulders, hold him horizontally, and drop
sideways, driving his head and neck into the canvas.
Spinebuster – Grab your opponent by the back of his thighs, lift him into the air and slam him into the
canvas on his back.

Mike Awesome:

Awesome Bomb – While facing your opponent, reach around his back and grab his waist. Lift him high into the sky, and send him crashing all the way back down to the mat on his back. Then go for the pin.
Sitout Powerbomb– Face your opponent, grab over his back and lock up around his midsection. Lift him
into the air, then slam his back onto the floor, while you land in a sitting position.

New Jack:

187 – When your opponent is down on the mat, climb to the top rope and dive off, nailing your opponent
with a vicious diving headbutt.
Side Belly To Belly Suplex – Face an opponent. Grab him around the waist, and in one motion lift him up, take a half spin, and slam him onto his back.

Nova:

Kryptonite Krunch – Tie-up your opponent. Sling him over your shoulder so that his head is behind you, pointing towards the floor, take a running start, jump into the air and land with his head and neck slamming into the floor behind you.
Deep Impact – While facing your opponent, deliver a quick kick to the gut. When he doubles over, hook his arms behind his back, lift him into the air and slam him face down into the floor.

Raven:

Evenflow DDT – While facing your opponent, tuck his head under your arm and swiftly drive it into the
floor, finishing up with a pin.
Fist To Groin – When an opponent is lying on his back, spread his legs and take him up a few octaves.

Rhino:

Sitout Piledriver – While facing your opponent, grab him around the waist, flip him upside-down so that he is perpendicular to the mat, suspend him in that position

because you can, then crunch his neck into the floor as you jump into a sitting position.
Death Valley Driver – Lift your opponent onto your shoulders, hold him there horizontally, and drop
sideways, driving his head and neck into the canvas.

Rob Van Dam:

5 Star Frog Splash – When your opponent is down on the mat, ascend to the top turnbuckle and crush him with a full extension diving splash.
Rolling Senton – Take a running start at an opponent that is laid out on the floor, do a complete forward
roll, allow your momentum to carry you forward into another forward flip and land backside first on your victim.

Ron Buffone:

Severe Skull Trauma – Get behind your opponent and tuck his head under your arm so he's staring up at the lights, similar to an Inverted DDT. Now lift your opponent into the air and send him skull first into the mat, with your entire bodyweight on top of his head.
Kick To Groin – When your opponent is in the corner, drape his legs over the ropes, take a running start
and split the uprights.

Sabu:

Arabian Guillotine – With your opponent on the ground, climb to the top rope and execute a diving flip that results in your legs smashing down ferociously on top of your opponent's head.
Camel Clutch – When your opponent is face down on the mat, straddle his back, put his arms over your
knees, clutch your hands around his head and under his chin, then pull back until he cries.

Simon Diamond

Simonizer – Lift your opponent onto your shoulders (as though you were attempting a DVD). Swing around and slam him onto his back.
Simon Series – Begin this move by executing a normal Suplex on your opponent. Without breaking your
hold, get back to your feet and lift your opponent into the air as though you were about to attempt a second Suplex, but instead, slam him back to the mat face first between your legs as you fall into a seated position.

Sound Guy Randy

Swinging DDT – When facing an opponent, tuck his head under your arm. Lift him into the air to the side of you and drive his head into the mat with a big DDT.
Flying Elbow – When your opponent is laying on the ground, climb to the top rope and take to the air,
driving an extended elbow into the chest of your opponent.

Steve Corino

Old School Plex –Tie-up with your opponent, hook his leg, and Suplex him up and over your head into a bridged pin attempt.
Superkick – A vicious martial arts-style kick to the side of an opponent's head.

Super Crazy

Moonsault – With your opponent laying on the ground, climb to the top turnbuckle. With your back to your opponent, leap into the air, completing a full flip before crushing your opponent with some momentous momentum.
Powerbomb – When facing an opponent, reach over his back, grab him around the waist, lift him into the
air, and while still facing you, slam him shoulders-first into the canvas.

Taz

Tazmission – Get behind your opponent, lock your arms under his chin and take him down to the mat with your legs squeezing the air from his body.
Tazmission Plex – Set up for a regular Tazmission, but instead of taking your opponent to the mat, Suplex him up and over your head, landing directly on his neck.

The Sheik

Camel Clutch – When your opponent is face down on the mat, straddle his back, put his arms over your
knees, clutch your hands around his head and under his chin, then pull back until he cries.
Blatant Choke – Grab your opponent by the throat and squeeezzzeee!

Tommy Dreamer

Dreamer DDT – While facing your opponent, grab him by the head and tuck it under your arm. Leave him
in this position to think about what he's done wrong, while you salute the crowd. Now smash his face into the floor. Hard.
Dreamer Driver – When facing an opponent, grab him and sling him over your shoulder so that his head is hanging by your waist, facing towards the ground, and fall into a seated position, driving his head into the floor.

Tommy Rich

Vertical Body Press – While running at your opponent, leap into the air, tackle his chest and beat him
down with a series of vicious punches once he hits the mat!
Piledriver – When facing an opponent, bend him forward and put his head between your legs. Grab him
around the back of his waist and lift him into the air so that he is perpendicular to the ground. Drive his head and neck into the canvas by dropping into a sitting position.

Tony DeVito

Oklahoma Stampede – When your opponent is stunned in the corner, grab him and hang him upside down from the top rope, then pull him off and slam him.
Front Brainbuster – Grab an opponent and lift him into the air as though you were preparing to Suplex him, but instead, drop him straight down on his neck and face.

Tracy Smothers

Pumphandle Slam – When behind an opponent, grab his arm, bring it back between his legs, lift him up
into the Body Slam position, and throw him down to the mat on his back
Tennessee Jawjacker – Take to the top rope and catch a standing opponent with a spinning flying elbow
shot to the side of the head.

Wild Bill Wyles

Time Bomb – When an opponent is running towards you, grab him around the waist, flip him up onto your shoulder and finish by slamming him on his back.
Piledriver – When facing an opponent, bend him forward and put his head between your legs. Grab him
around the back of his waist and lift him into the air so that he is perpendicular to the ground. Drive his head and neck into the canvas by dropping into a sitting position

Yoshihiro Tajiri

Hanging Brainbuster – Hoist your opponent into the air, as though you were attempting to Suplex him. Hold him in a vertical position, then drop him straight down on his head and neck.
Double Face Kick – When facing an opponent, deliver a kick to the side the leg. When he drops to his
knees, deliver a vicious double-foot dropkick to the face.

14 Extra Moves:

La Magistral – When an opponent is down on the canvas, grab his arm and cinch it in between your legs,
spin, and roll your opponent over into a painful pin attempt.

Somersault Legdrop – When your opponent is down on the mat, take to the top rope, do a complete forward flip in the air and land a brutal legdrop right on top of your prone competition.

Hurricanrana – With your opponent standing, climb to the top rope. Jump at your opponent, landing a leg on each shoulder and hooking your feet behind his head. Use your momentum to carry you through a spin, then flip backwards, driving your opponent into the ring, head first.

Axe Kick – When facing an opponent, kick him in the midsection. When he doubles over in pain,
deliver a hard heel kick to the back of his skull.

Reversal DDT – As your opponent attempts to set you up for a Powerbomb, grab him around the neck as he lifts you into the air, then use your leverage to spin him around and deliver a huge DDT.

One-Handed Slam – While facing an opponent, reach across his body and grab his far shoulder, with your arm tucked under his chin. Lift him up into the air, sweep his feet from beneath him, and slam him square on his back.

Hanging Powerslam – When facing your opponent, grab him and hoist him into the air as though you were about to perform a Suplex. As he is hanging vertically in the air, instead of following through with the Suplex attempt, slam your opponent to the canvas to your side and fall on top of him for added damage as he hits the mat.

Implant DDT – When facing an opponent, tuck his head under your arm and jump backwards, driving his
head into the floor as you land.

Flying Body Press – Jump off the top rope and nail a surprised standing opponent with an aerial Body Press that is followed into a pin attempt.

Wraparound DDT – When facing an opponent, take a running start, place one arm around the back of his
neck, then swing the rest of your body around his back. Use your momentum to deliver a huge DDT.

Deathlock – When your opponent is down on his back, grab his legs, step between them with one of your legs, lock his feet over your thigh, then flip him over and pull back, applying a great deal of painful pressure to the knees and lower back area.

Sleeping Neckbreaker – Lock your opponent up from behind, apply a standard Sleeper Hold, and without
breaking the hold, fall forward, applying a nasty jolt to your opponent's neck.

Crucifix Powerbomb – When facing your opponent, set him up with a kick to the stomach. As he's doubled over, tuck his head between your legs, grab hold, and flip him up over your head. Keep him suspended high in the air by holding his arms in a

“cross” position, then send him crashing to the cold, hard floor beneath onto his head and neck region.

Spin Kick Combo – When your opponent is stunned against the turnbuckle, deliver two lightning fast
kicks to his midsection and finish him with a reverse backheeled spin-kick to the chin.
